Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

1819 99 JUN -9 AIO 57

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: After years of living "half my life" horribly  
(two weeks every month) I finally found out  
I need progesterone to get rid of many  
of my symptoms. There are only a few  
places to get this medication compounded  
and the one in Missouri is no longer doing it.  
If I can't get it out of state - half of  
my life will be miserable as well as  
the lives of my three children and husband  
Please don't pass this issue!
